CHiPS

Who can you go to for help if you get lost or feel at risk or vulnerable?

There is a network of Community Help Points (CHiPS) in Enfield, where staff have offered to provide a safe haven for anyone in need of support.

STAFF AT HELP POINTS CAN:

- ✓ Make a phone call to get help for you.
- ✓ Allow you to stay in the premises until help arrives or until a risk has passed.
- ✓ Call the police if you are the victim of crime.
- ✓ Call a member of your family or a care team if you need more help.

There are around 200 help points in Enfield and these can be recognised by the blue 'H' logo. Please let your friends and family know about the scheme. You can find CHiPS locations along your journey on our map by visiting havesomechips.com
